

NEW BACKBOARD AT ARGONAUT HIGH SCHOOL COURTS

Kudos and Gratitude to our Tennis Court Carpenters who went to work in the cold last week installing the new backboard. The backboard purchase was a joint effort between the Argonaut High School Tennis Team, Amador Tennis Club, and Amador Junior Team Tennis. However, funding did not include installation.

Most of the project was handled by Jerry Beeman and Andy O'Loan. Though instructions said the job could be done in 3 hours with 2 men (one smart, one strong—I leave it to you to place those titles) it was greatly facilitated with help.

Jerry & Andy

John Shepherd (general all around good guy, responding to a plea for an extra set of hands)

Rosalie Escamilla (not shown) (painter extraordinaire—the 2x4's behind the thing, not the green board itself—and Chief Recruiting Officer—hence John Shepherd)

John Escamilla (Quality Supervisor, #1 Go-fer) →

Andy says you are not allowed on the tennis court until you can control 30 volleys against the new backboard. I've been practicing... "Now Coach?"
